

Cable Stripper No. S 4-28

The New Generation of cable strippers made of highly resistant synthetic glass fiber material. Safe in use and solid in design.

- Accurate, fast and safe stripping of all common round cables of 4-28 mm Ø.
- Infinitely variable adjustment of the cutting depth with the adjusting wheel. No damage of the inner conductors.
- Automatic adjustment of round and length cut through turnable blade.
- Highest quality level (certified by TÜV and CE).
- 3 types with different additional functions are available.

Cable Stripper No. S 4-28 Multi **New**

Additional function: **Stripping of conductors**

For all common flexible and massive conductors with diameters of 0.5 mm², 0.75 mm², 1.5 mm², 2.5 mm², 4.0 mm² and 6.0 mm².

Cable Stripper No. S 4-28 H

Additional function: **Hook blade**

The hook blade can steadily jut out or be immersed into the handle and can be fixed in both positions.

EU.Pat.no 07114242.6

Cable Stripper No. S 4-28 Voltage

Additional function: **Voltage tester**

Bright and clear LED indication for non-contact optical detection of alternating voltages in a range of 50 V to 600 V. Self test by optical stand-by indicator when the tester is activated.

Distributed by:

* Mark of conformity; confirms compliance with applicable directives. Complies with EMV directive (2004/108/EG), standard EN 61326 and EN 61010-1. The mechanical safety was tested in accordance with DIN ISO 8764-1.

Any product specifications and recommendations given herein must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do warrant the continuously high quality of our products being free from defects in accordance with and subject to our General Sales Conditions. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
