

W 44 T Turbo-Power-Spray

Multi-function Spray

- loosens rust
- displaces moisture
- eliminates squeaky noises
- cleans metal surfaces
- protects and preserves tools

W 44 T is an allround problem solver for use in industry and workshops. By its special formula and its excellent creeping properties the product combines effectiveness in corrosion protection, water displacing, lubrication, conservation and cleaning. W 44 T withstands most weathering influences and is therefore suitable for almost universal applications in workshops, the automotive industry, the marine and electrical industry, agriculture, household and hobby. W 44 T is temperature resistant from -34°C up to $+210^{\circ}\text{C}$.

Range of application

- loosens seized threads, screws, bolts, fittings and valves, penetrates and loosens rust, displaces moisture from electrical leads, prevents leak currents and facilitates starting damp engines
- eliminates squeaky and creaky noises on hinges, guides, bearings and all kinds of joints and couplings
- cleans contaminated metal surfaces and leaves a long-lasting very thin film that does not smear, is not sticky and repels dust
- protects and preserves tools, machines, electrical appliances and mechanical precision equipment (measuring tools, locks, weapons) and keeps them operational

Packaging

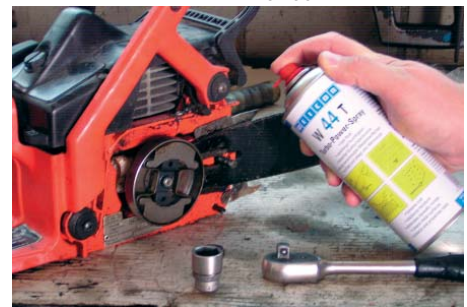

50 ml	Spray can	Art.-No.: 11251050
200 ml	Spray can	Art.-No.: 11251200
400 ml	Spray can	Art.-No.: 11251400
5 l	Bulk	Art.-No.: 15251005
10 l	Bulk	Art.-No.: 15251010
30 l	Bulk	Art.-No.: 15251030

Cleans and preserves all kinds of tools
Reinigt und pflegt alle Arten von Werkzeugen

Ensures a perfect function of locks
Hält Schlösser gängig

Loosens rust, cleans and protects against corrosion
Löst Rost, reinigt und schützt nachhaltig vor Korrosion

Lubricates moving precision parts
Schmiert bewegliche Präzisionsteile

Lubricates and keeps all parts movable (no seizing)
Schmiert und hält alle Teile beweglich (kein Festsetzen)

Any product specifications and recommendations given herein must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do warrant the continuously high quality of our products being free from defects in accordance with and subject to our General Sales Conditions. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
